

[FIRST® LEGO® League](#) (FLL) is for children 9 – 14 years old.

Teams build and program robots made from a LEGO® Mindstorm™ Robot kit to solve an annual challenge! This fall teams will solve...

FIRST®LEGO®League

FOOD FACTOR: Keeping Food Safe. Teams participate in a qualifying tournament held at the Kids Unlimited Community Center with a chance to advance to the state championship.

FIRST LEGO League...

- **Inspires** children, ages 9-14, to participate in science and technology
- **Engages** kids in playful and meaningful learning
- **Provides** a fun, creative, hands-on learning experience
- **Encourages** children to think like scientists and engineers
- **Challenges** kids to solve real-world problems using robotics
- **Teaches** children to experiment and overcome obstacles
- **Builds** self-esteem and confidence

How to start a FLL team at: <http://www.ortop.org/fll/>

Oregon Robotics Tournament and Outreach Program (ORTOP) implements the **FIRST LEGO League** program in Oregon. We encourage parents, teachers and community volunteers to consider starting **new FIRST LEGO League teams**. ORTOP will hold a **free training workshop in Medford** to teach adults how to be **FIRST LEGO League** coaches or mentors.

No technical experience needed! Scholarships available to help start new teams. Sign-up for the workshop to learn more.

Adult Volunteer Workshop for new FLL Volunteers at:

Kids Unlimited

821 N. Riverside Drive/Medford, OR

Saturday, September 17, 2011

8:30 am – 4:30 pm

All day workshop will include

- Introduction to **FIRST LEGO League** Robotics
- Coach and Mentoring FLL Teams
- Robot Techniques – Building & Programming

Workshop registration link at www.ortop.org/fll

For more information:

Contact ORTOP at workshops@ortop.org or 503-725-2920

or Chris Duval, Robotics Instructor, Kids Unlimited, email: chris@chrisduval.com or 541-774-3900

Workshop is made possible by collaboration between ORTOP and Kids Unlimited of Oregon.

ORTOP is a program of the Industry Affairs Department of the Oregon University System
