

Innovative Solution Rubric

	Excellent	Very Good	Good	Fair	Poor
Subcategory	25-21 pts	20-16 pts	15-11 pts	10-6 pts	5-0 pts
Is the solution thought provoking and innovative?	Solution is extremely thought provoking; And extremely innovative	Solution is thought provoking and innovative.	Solution is somewhat thought provoking; And somewhat innovative.	Solution is not very thought provoking; And not very innovative.	Solution is not thought provoking; And not innovative.
Is there an innovative use of robotic technology in the solution? Were the students able to explain the rationale for their use of robotics?	An extremely innovative use of robotic technology was evident in the solution. Students were able to explain the rationale for their use of robotics thoroughly.	An innovative use of robotic technology was evident in the solution; And students were able to explain the rationale for their use of robotics well.	A somewhat innovative use of robotic technology was evident in the solution; And students were somewhat able to explain the rationale for their use of robotics.	Very little innovative use of robotic technology was evident in the solution; And students had difficulty explaining the rationale for their use of robotics.	No innovative use of robotic technology was evident in the solution; And students were unable to explain the rationale for their use of robotics.
Is the presentation style innovative and reflective of their solution? Are the materials presented in a way that define all aspects of the solution?	The presentation style is extremely innovative and reflective of their solution; And the materials are presented in a way that define all aspects of the solution very well.	The presentation style is innovative and reflective of their solution; And the materials are presented in a way that define most aspects of the solution well.	The presentation style is somewhat innovative and reflective of their solution; And the materials are presented in a way that define some aspects of the solution.	The presentation style is not very innovative or reflective of their solution; And the materials are presented in a way that define a few aspects of the solution.	The presentation style is not innovative or reflective of their solution; And the materials are presented in a way that define a none of the aspects of the solution.
Does the proposed solution show insight and creativity?	Extremely unique and creative solution proposed.	Solution shows very good insight and creativity but not entirely unique.	Good insight shown.	Solution indicates lack of insight.	No real solution proposed.
